SMART HOME SYSTEM

**SMART PLUG**

**Quick Start Guide**

# Before You Begin

## Requirements

**Brilliant Control:** At least one Brilliant Control must be installed for Brilliant Plug to work.

**Electrical:** 120V AC

# Use Brilliant app

## Step 1 Download the app

Download the Brilliant app from the Apple Store or Google Play Store.

## Step 2 Follow installation guide in app

Receive Step-by-Step installation instructions from the launch screen or by going into Settings in your Brilliant App.

# Key features

# Troubleshooting & Support

## Led status indicator

### **Blue Solid:**

Powered on

### **Blue Blinking (Slow):**

Configuration/Pairing Mode

### **Blue Blinking (Fast):**

Error Detected

## Reset instructions

- 1) Take the plug out and plug it back in.
- 2) Push and hold the button for 10 seconds until LED turns off.
- 3) Take the plug out and plug it back in. LED will blink to confirm reset is successful.

Transform any house or apartment  
into an easy-to-use smart home.

**Home Control**  
*required*

**Dimmer Switch**

**Smart Plug**

**Mobile App**

# Legal

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions: 1. This device may not cause interference. 2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : 1. L'appareil ne doit pas produire de brouillage; 2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

# Legal

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## **FCC CAUTION**

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.
