## MEET YOUR ECHO POP

## SET UP YOUR ECHO POP

### 1. DOWNLOAD ALEXA APP FROM APP STORE

Log in with an existing Amazon account username and password, or create a new account.

**Note:** Be sure to turn on your phone's Bluetooth capability and have your Wi-Fi password ready.

### 2. PLUG IN YOUR ECHO POP

Use the included power adaptor. A blue light ring will flash on the device. In about a minute, Alexa will tell you to complete setup in the app.

### 3. FOLLOW SETUP IN THE APP

If you aren't prompted to set up your device after opening the Alexa app, tap the More  icon to add your device manually.

The app helps you get more out of your Echo Pop. It's where you set up calling and messaging, manage music, lists, settings and enable compatible smart home devices.

For help and troubleshooting, go to Help & Feedback in the Alexa app or visit [amazon.com/devicesupport](https://amazon.com/devicesupport).

## LEARN ABOUT THE LIGHT BAR
