Smart Lightbulb

Dimmable Neutral White A19 LED Bulb

⚠ WARNING **WARNING:** Risk of electrical shock. Do not attempt to open or disassemble the bulb.

Not suitable for use with standard wall dimmers.

Suitable for damp locations. Do not use where directly exposed to water.

This device is not intended for use with emergency exit fixtures or emergency lights.

Before replacing, turn off power and let the bulb cool to avoid electrical shock or burn.

Dispose of this device in accordance with disposal laws in your area.

Not compatible with photo sensors, motion sensors or timers unless specifically designed for Ring Smart Lighting.

OPERATING INSTRUCTIONS:

Use the bulb only in a socket rated for this bulb.

This device is not a toy designed to be played with by children.

Do not place the device on hot surfaces.

For safety reasons, do not open devices, which will also void the warranty.

Download the Ring app.

The app walks you through setting up and managing your Ring Smart Lightbulb.

Search for "Ring" in one of these app stores, or visit: ring.com/app

Download on the App Store

GET IT ON Google play

Set up your Ring Bridge.

The Bridge is required to connect your Ring Smart Lights to the Ring app and other compatible Ring devices.

To set up your Bridge, follow the instructions in the Ring app or the Bridge user manual.

Choose a location.

Determine where you would like to install your A19 bulb.

If your desired socket is hard to reach, you can set up your new bulb in an easily accessible socket. Once setup is complete, you can move it to your desired location.

Turn off the power.

Before you continue, make sure you **turn off power** to the light fixture.

Remove the old bulb.

Turn counterclockwise to remove it from the socket.
Set up your A19 in the Ring app.

In the app, tap **Set Up a Device.**

When prompted, select **Smart Lighting** and follow the in-app instructions to install your Smartbulb.

You'll need to restore power to the bulb so it can connect to the Bridge during setup.

You're all set!

Once your bulb is set up, don't forget to keep your light switch **ON**.

You will then be able to control your light directly from the Ring app where you can set schedules and link your bulbs to other devices.
