Safety Instructions

Read these instructions carefully and retain them for future use. If this light strip is passed to a third party, then these instructions must be included.

When using light strips, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and/or injury to persons including the following:

⚠ WARNING

- ▶ These instructions are for your safety. Please read through them thoroughly prior to installation and retain them for future reference.
- ▶ Check the packaging and make sure you have all of the parts listed.
- ▶ When using the product, basic safety precautions should always be followed to reduce the risk of fire, electric shock, or injury to persons.
- ▶ Remove all packaging and wraps from the product.
- ▶ Decide on the appropriate location for your product. The fixing point(s) selected must be capable of supporting the full weight of the light fitting.
- ▶ Always refer to the installation drawing for the orientation of the product.
- ▶ To obtain optimum adhesion, the bonding surfaces must be clean, dry, and well-unified. Firm application pressure helps develop better adhesive contact and improve bond strength.
- ▶ Ensure the cable is routed so it does not present a hazard (avoid dangling loops where the cable is likely to be pulled/caught).
- ▶ Never put anything on the product or hang anything on any part of this product.
- ▶ Never use the terminal cables to bear the product weight.
- ▶ The external flexible cable or cord of this light strip cannot be replaced. If the cord is damaged, the light strip must be destroyed.
- ▶ This product is suitable for indoor use only and not for areas constantly subject to moisture, such as bathroom.
- ▶ Do not connect the light strip to electricity while it is in the packaging. Do not keep the lights on for more than three minutes when the LED light strip is in the rolled-up condition. Please ensure the lights are unrolled before normal usage.
- ▶ Don't install the Controller in a place where there is no Wi-Fi signal or a weak Wi-Fi signal.
- ▶ Don't connect the product to any other dimmers, such as the Triac dimmer or 0-10V dimmers.

Package Contents

- ▶ LED light strip
- ▶ Controller
- ▶ Power adapter
- ▶ *Safety Manual*
- ▶ *Quick Setup Guide*

Compatibility

This LED light strip is designed to work with:

- ▶ 2.4GHz Wi-Fi network
- ▶ North American (Type-A) outlet
- ▶ iOS/Android/Fire OS devices with the Alexa app
- ▶ For indoor use only. Do not use in wet locations.

Parts Overview

Set Up the Light Strip with Alexa

You can set up the Light Strip with the QR code on your printed *Quick Setup Guide* (recommended) or on the product. You can also set it up without a QR code.

CAUTION Do not keep the lights on for more than three minutes when the LED strip is in the rolled-up condition. Please ensure the lights are unrolled before normal usage. Do not bend your light strip along the LEDs and cut lines.

Set Up with the *Quick Setup Guide* QR Code (Recommended)

NOTICE Certain devices may automatically connect to Alexa using Amazon's Frustration-Free Setup technology.

1. Download the latest version of Alexa app from the app store, and log in.
2. Connect the power adapter, controller, and the light strip, then power it up.
3. In the Alexa app, tap **More** from the bottom menu, then tap **Add a Device**.
4. Tap **Light**, then tap **Amazon Basics**.
5. Select **Amazon Basics Light Strip**.
6. Follow the steps in the Alexa app to complete setup. When prompted, scan the QR code on the back of your printed *Quick Setup Guide*. If you have more than one smart light strip and are scanning the QR code in your *Quick Setup Guide*, match the DSN number on the smart light strip with the QR code.

NOTICE Do not scan the barcode on the packaging. If the barcode scan fails, refer to "Alternative Setup Methods" on page 6.

Alternative Setup Methods

Option 1: Set Up with the QR Code on the Product

1. Download the latest version of Alexa app from the app store, and log in.
2. Connect the power adapter, controller, and the light strip, then power it up.
3. In the Alexa app, tap **More** from the bottom menu, then tap **Add a Device**.
4. Tap **Light**, then tap **Amazon Basics**.
5. Select **Amazon Basics Light Strip**.
6. Follow the steps in the Alexa app to complete setup. When prompted, scan the QR code on the product.

NOTICE Do not scan the barcode on the packaging. If the barcode scan fails or you lose the *Quick Setup Guide*, refer to “Option 2: Set Up without the Barcode” on page 5.

Option 2: Set Up without the Barcode

Use these instructions if the QR code setup does not work.

1. Connect the Power Adapter, Controller and the Light Strip, then power it up.
2. In the Alexa app, tap **More** from the bottom menu, then tap **Add a Device**.
3. Tap **Light**, then tap **Amazon Basics**.
4. Select **Amazon Basics Light Strip**.
5. When prompted to scan the barcode, tap **DON'T HAVE A BARCODE?**
6. Tap **NEXT**, then follow the on-screen instructions to complete setup.

Set Up the Light Strip

Trimming the Light Strip (Optional)

You may trim the light strip at specific locations to shorten its length. The light strip is not extendable.

CAUTION Cutting the light strip at an incorrect location may cause the light strip to stop working.

1. Unplug your light strip.

2. Determine the length you want the light strip to be. Make sure to consider the power cord length and distance to a power outlet.
3. Locate a cut line near your desired length, then trim the end of the light strip at the line with a pair of scissors.

⚠ CAUTION Trimming at a location other than a cut mark may cause the light strip to stop working.

Installing the Light Strip

WARNING: Do not plug the power adapter into an outlet before installation is completed.

1. Clean and dry a smooth surface for mounting. When choosing a location, consider the position of the controller and distance to a power outlet.

2. Peel off the adhesive backing section by section as you attach your light strip. To avoid damage, do not bend your light strip along the LEDs and cut lines.

3. Place the light strip in your desired location, then push on all sections of your light strip for about 10–15 seconds for a secure hold.

4. Peel the adhesive backing from the controller, then press the controller onto your mounting surface that is less than 0.75 ft. (23 cm) from the strip input side. Do not move the controller after it is attached.

5. Remove the Pin-Protection-Cover from the strip, then insert the strip into the control box connector.

6. Connect the power adapter to the controller, then plug it into a power outlet.

Using the Light Strip

Control the light strip with the Alexa app or by using the built-in controller.

Press the controller button once to turn the light strip on or off.
Press the controller button twice quickly to change the light color.

Resetting to Factory Defaults

- Press and hold the controller button for 10 seconds to factory reset the light strip.

Cleaning and Maintenance

- Before any maintenance or adjustment, disconnect the power cord for at least 10 minutes to let the product cool down.
- Wipe with a soft, slightly damp cloth. Never use corrosive detergents, wire brushes, abrasive scourers, metal, or sharp utensils to clean.

Troubleshooting

If the light strip is not functioning properly, try the following solutions. If you have any doubt about installation/use of this product, consult a qualified electrician.

Problem

My light strip doesn't turn on.

Solutions

- Make sure that the light strip is plugged into a working power outlet.
- Make sure that all the connections are secure.
- Press the controller button.
- Press and hold the controller button for 10 seconds to factory reset.
- If using the Alexa app, make sure that your Wi-Fi router is connected to the internet. The distance between the router and light strip may vary depending on the network conditions and environmental factors.

Problem

My light strip won't connect to the Alexa app.

Solutions

- Make sure that your phone/tablet and the Alexa app are updated to the latest software version.
- Verify that your phone/tablet is within 98.4 ft. (30 m) of your light strip.
- Make sure that your phone/tablet and light strip are connected to the same 2.4GHz Wi-Fi network. The light strip is not compatible with 5GHz networks.
- If you have a dual Wi-Fi router and both network signals have the same name, rename one and try reconnecting to the 2.4GHz network.
- Make sure that you scan the QR code provided in your *Quick Setup Guide* or on the controller.
- Press and hold the controller button for 10 seconds to factory reset your light strip.

Specifications

Supply Voltage	100-120V ~, 50/60Hz
Ambient Temperature	-20°C to 40°C
Storage Temperature	-20°C to 60°C
Operating Humidity	10%~90% RH, Non-condensing
Radio Frequency	Wi-Fi + Bluetooth (Bluetooth LE only does pairing)
Signal Range	98.4 ft. (30 m) without obstructions
Wi-Fi	2.4GHz

FCC Compliance Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 - (1) this device may not cause harmful interference, and
 - (2) this device must accept any interference received, including interference that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- ▶ Reorient or relocate the receiving antenna.
- ▶ Increase the separation between the equipment and receiver.
- ▶ Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- ▶ Consult the dealer or an experienced radio / TV technician for help.

RF Warning Statement: This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

Canada IC Notice

- ▶ This device contains license-exempt transmitter(s) / receiver(s) that comply with Innovation, Science and Economic Development Canada's License-exempt RSS(s). Operation is subject to the following two conditions:

(1) this device may not cause interference, and

(2) this device must accept any interference, including interference that may cause undesired operation of the device.

- ▶ This equipment complies with Industry Canada radiation exposure limits set forth for an uncontrolled environment.
- ▶ This Class B digital apparatus complies with Canadian CAN ICES-005(B) / NMB-005(B) standard.
- ▶ This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a minimum distance of 8 in. (20 cm) between the radiator and any part of your body.

Feedback and Help

Consignes de sécurité

Lire ces instructions avec soin et les conserver pour toute référence ultérieure. Si cette bande lumineuse est fournie à une partie tierce, ces instructions doivent être incluses.

Lors de l'utilisation de bandes lumineuses, des précautions élémentaires doivent toujours être observées pour réduire le risque d'incendie, de choc électrique et de blessures pour les personnes, notamment :

⚠ AVERTISSEMENT

- ▶ Ces instructions sont pour votre sécurité. Lire toutes ces instructions avant l'installation et les conserver pour toute référence ultérieure.
- ▶ Vérifier l'emballage afin de s'assurer d'avoir toutes les pièces listées.
- ▶ Lors de l'utilisation du produit, des précautions élémentaires doivent toujours être observées pour réduire le risque d'incendie, de choc électrique et de blessures pour les personnes.
- ▶ Enlever tout emballage et les attaches du produit.
- ▶ Décider de l'emplacement approprié pour le produit. L'endroit ou les endroits de fixation sélectionné(s) doivent pouvoir supporter le poids total de la bande lumineuse.
- ▶ Toujours se référer au schéma d'installation pour l'orientation du produit.
- ▶ Pour obtenir une adhérence optimale, les surfaces à coller doivent être propres, sèches et bien unifiées. Une pression d'application ferme permet de développer un meilleur contact avec l'adhésif et d'améliorer la force d'adhérence.
- ▶ Veiller à ce que le câble soit acheminé de manière à ne pas présenter de danger (éviter les boucles pendantes où le câble est susceptible d'être tiré/rester coincé).
- ▶ Ne jamais mettre quoi que ce soit sur le produit ou pendre quoi que ce soit sur une partie de ce produit.
- ▶ Ne jamais utiliser les câbles des bornes pour supporter le poids du produit.
- ▶ Le câble flexible externe ou le cordon de cette bande lumineuse ne peut pas être remplacé. Si le câble est endommagé, la bande lumineuse doit être détruite.
- ▶ Ce produit est destiné à être utilisé uniquement à l'intérieur et non dans des zones qui sont régulièrement humides, tels qu'une salle de bains.
- ▶ Ne pas connecter la bande lumineuse à l'électricité alors qu'elle est dans l'emballage. Ne pas laisser les lumières allumées pendant plus de trois minutes lorsque la bande lumineuse à DEL est enroulée. S'assurer que la bande lumineuse est déroulée avant toute utilisation normale.
- ▶ Ne pas installer le contrôleur là où il n'y a pas de signal Wi-Fi ou dans un lieu où le signal est faible.
- ▶ Ne pas connecter le produit à d'autres gradateurs, tels que le gradateur Triac ou les gradateurs de 0 à 10 V.

Contenu de l'emballage

- | | |
|-----------------------------|--------------------------------------|
| ▶ Bande lumineuse à DEL | ▶ <i>Manuel de sécurité</i> |
| ▶ Contrôleur | ▶ <i>Guide d'installation rapide</i> |
| ▶ Adaptateur d'alimentation | |

Compatibilité

Cette bande lumineuse à DEL est conçue pour fonctionner avec :

- ▶ Un réseau Wi-Fi de 2,4 GHz
- ▶ Une prise secteur de type Amérique du Nord (Type A)
- ▶ Des appareils iOS/Android/Fire OS avec l'application Alexa
- ▶ Pour utilisation à l'intérieur uniquement. Ne pas l'utiliser dans des endroits mouillés.

Aperçu des pièces

Installation de la bande lumineuse avec Alexa

La bande lumineuse peut être configurée avec le code QR sur le *Guide d'installation rapide* imprimé (recommandé) ou sur le produit. Il est aussi possible d'effectuer le réglage sans un code QR.

⚠ ATTENTION Ne pas laisser les lumières allumées pendant plus de trois minutes lorsque la bande lumineuse à DEL est enroulée. S'assurer que la bande lumineuse est déroulée avant toute utilisation normale.

Ne pas plier la bande lumineuse le long des DEL et des lignes de coupe.

Configuration avec le code QR du *Guide d'installation rapide* (Recommandé)

REMARQUE Certains appareils peuvent se connecter automatiquement à Alexa à l'aide de la technologie Amazon Frustration-Free Setup (configuration sans frustration).

1. Télécharger la dernière version de l'application Alexa dans la boutique App Store et se connecter.
2. Connecter l'adaptateur d'alimentation, le contrôleur et la bande lumineuse, puis mettre sous tension.
3. Dans l'application Alexa, toucher **More** (Plus) dans le menu du bas, puis toucher **Add a Device** (Ajouter un appareil).
4. Toucher **Light** (Lumière), puis toucher **Amazon Basics**.
5. Sélectionner **Amazon Basics Light Strip** (Bande lumineuse d'Amazon Basics).
6. Suivre les étapes dans l'application Alexa afin de terminer la configuration. Quand il est demandé, balayer le code QR à l'arrière du *Guide d'installation rapide* imprimé. Dans le cas où il y a plus d'une bande lumineuse intelligente et que le code QR dans le *Guide d'installation rapide* est numérisé, faire correspondre le numéro DSN de la bande lumineuse intelligente avec le code QR.

REMARQUE Ne pas numériser le code à barres sur la boîte d'emballage. Si le balayage du code à barres ne fonctionne pas, se référer à « Méthodes alternatives de configuration » à la page 14.

Méthodes alternatives de configuration

Option 1 : Configuration avec le code QR sur le produit

1. Télécharger la dernière version de l'application Alexa dans la boutique App Store et se connecter.
2. Connecter l'adaptateur d'alimentation, le contrôleur et la bande lumineuse, puis mettre sous tension.
3. Dans l'application Alexa, toucher **More** (Plus) dans le menu du bas, puis toucher **Add a Device** (Ajouter un appareil).
4. Toucher **Light** (Lumière), puis toucher **Amazon Basics**.
5. Sélectionner **Amazon Basics Light Strip** (Bande lumineuse d'Amazon Basics).
6. Suivre les étapes dans l'application Alexa afin de terminer la configuration. Quand demandé, numériser le code QR sur le produit.

REMARQUE Ne pas numériser le code à barres sur la boîte d'emballage. Si le balayage du code à barres ne fonctionne pas ou si le *Guide d'installation rapide* est égaré, se référer à « Option 2 : Configuration sans le code à barres » à la page 14.

Option 2 : Configuration sans le code à barres

Utiliser ces instructions si la configuration avec le code QR ne fonctionne pas.

1. Connecter l'adaptateur d'alimentation, le contrôleur et la bande lumineuse, puis mettre sous tension.
2. Dans l'application Alexa, toucher **More** (Plus) dans le menu du bas, puis toucher **Add a Device** (Ajouter un appareil).

3. Toucher **Light** (Lumière), puis toucher **Amazon Basics**.
4. Sélectionner **Amazon Basics Light Strip** (Bande lumineuse d'Amazon Basics).
5. Quand il est demandé de balayer le code à barres, toucher **DON'T HAVE A BARCODE?** (Vous n'avez pas de code à barres?).
6. Toucher **NEXT**, puis suivre les instructions à l'écran afin de procéder à la configuration.

Installation de la bande lumineuse

Raccourcissement de la bande lumineuse (en option)

Il est possible de couper la bande lumineuse à certains endroits pour en réduire la longueur. La bande lumineuse ne peut pas être rallongée.

⚠ ATTENTION Le fait de couper la bande lumineuse à un endroit incorrect peut entraîner l'arrêt du fonctionnement de la bande lumineuse.

1. Débrancher la bande lumineuse.
2. Déterminer la longueur souhaitée de la bande lumineuse. S'assurer de considérer la longueur du câble d'alimentation et la distance jusqu'à une prise secteur.
3. Repérer une ligne de coupe près de la longueur souhaitée, puis couper l'extrémité de la bande lumineuse au niveau de la ligne à l'aide d'une paire de ciseaux.

⚠ ATTENTION Le fait de couper la bande lumineuse à un autre endroit que la ligne de coupe peut entraîner l'arrêt du fonctionnement de la bande lumineuse.

Installation de la bande lumineuse

AVERTISSEMENT : Ne pas brancher l'adaptateur d'alimentation sur une prise secteur avant de compléter l'installation.

1. Pour le montage nettoyer une surface sèche et souple. Lors du choix d'un emplacement, considérer la position du contrôleur et la distance jusqu'à une prise secteur.

2. Enlever l'adhésif de chaque section au fur et à mesure que la bande lumineuse est fixée. Pour éviter de l'endommager, ne pas plier la bande lumineuse le long des DEL et des lignes de coupe.

3. Placer la bande lumineuse à l'endroit souhaité, puis appuyer sur toutes les sections de la bande lumineuse pendant environ 10 à 15 secondes pour la fixer solidement.
4. Décoller l'adhésif au dos du contrôleur, puis appuyer le contrôleur sur la surface de montage, c'est à dire moins de 23 cm (0,75 pi) du côté de l'entrée de la bande. Ne pas déplacer le contrôleur une fois qu'il est fixé.

5. Retirer le cache de la broche de protection de la bande, puis insérer la bande dans le connecteur de la boîte de commande.

6. Connecter l'adaptateur d'alimentation au contrôleur, puis le brancher sur une prise secteur.

Utilisation de la bande lumineuse

Contrôler la bande lumineuse avec l'application Alexa ou en utilisant le contrôleur intégré.

Appuyer sur le bouton du contrôleur une fois pour allumer ou éteindre la bande lumineuse.

Pour modifier la couleur, appuyer rapidement deux fois sur le bouton du contrôleur pour modifier la couleur de la bande lumineuse.

Réinitialisation aux paramètres d'origine

- Appuyer sur le bouton contrôleur pendant 10 secondes pour une réinitialisation aux paramètres d'origine de la bande lumineuse.

Nettoyage et entretien

- Avant tout entretien ou réglage, débrancher le câble d'alimentation pendant au moins 10 minutes pour laisser refroidir le produit.
- L'essuyer à l'aide d'un chiffon doux, légèrement humide. Ne jamais utiliser des détergents corrosifs, des brosses métalliques, des tissus abrasifs, des métaux ou des ustensiles acérés pour nettoyer le produit.

Problèmes et solutions

Si la bande lumineuse ne fonctionne pas correctement, essayer les solutions suivantes. En cas de doutes sur l'installation ou l'utilisation de ce produit, consulter un électricien qualifié.

Problème

La bande lumineuse ne s'allume pas.

Solutions

- Vérifier que la bande lumineuse est branchée sur une prise secteur en état de fonctionnement.
- Vérifier que toutes les connexions sont correctes.
- Appuyer sur le bouton du contrôleur.
- Appuyer sur le bouton du contrôleur pendant 10 secondes pour une réinitialisation aux paramètres d'origine.
- En cas d'utilisation de l'application Alexa, vérifier que le routeur Wi-Fi est bien connecté à l'Internet. Le résultat du test électrique peut varier en fonction des conditions d'essais et de l'environnement.

Problème

Ma bande lumineuse ne se connecte pas à l'application Alexa.

Solutions

- ▶ Vérifier que le téléphone ou la tablette et l'application Alexa disposent de la dernière version du logiciel.
- ▶ Vérifier que le téléphone ou la tablette est dans un rayon de 30 m (98,4 pi) de la bande lumineuse.
- ▶ Vérifier que le téléphone ou la tablette et la bande lumineuse sont connectés sur le même réseau Wi-Fi de 2,4 GHz. Cette bande lumineuse n'est pas compatible avec un réseau de 5 GHz.
- ▶ En cas d'utilisation d'un routeur Wi-Fi bibande et les deux signaux ont le même nom, en renommer un et essayer une reconnexion à la fréquence de réseau de 2,4 GHz.
- ▶ S'assurer de numériser le code QR fourni dans le *Guide d'installation rapide* ou sur le contrôleur.
- ▶ Appuyer sur le bouton du contrôleur pendant 10 secondes pour une réinitialisation aux paramètres d'origine de la bande lumineuse.

Spécifications

Tension d'alimentation	100 à 120 V, 50/60 Hz
Température ambiante	- 20 à 40 °C
Température de stockage	- 20 à 60 °C
Humidité de service	10 à 90 % d'humidité relative, sans condensation
Radiofréquence	Wi-Fi et Bluetooth (Bluetooth LE ne fait que le jumelage)
Gamme de signal	30 m (98,4 pi) sans obstructions
Wi-Fi	2,4 GHz

Avis juridiques

Déclaration de conformité FCC du fournisseur

Identifiant unique	BOCQP9545T – Bande lumineuse intelligente à DEL d'Amazon Basics de 5 m (16,4 pi), RVB et blanc ajustable, Wi-Fi 2,4 GHz, fonctionne avec Alexa uniquement
Partie responsable	Amazon.com Services LLC.
Coordonnées du contact aux É.-U.	410 Terry Ave N. Seattle, WA 98109, États-Unis
Numéro de téléphone	(206) 266-1000

Déclaration de conformité FCC

1. Cet appareil est conforme à l'article 15 du règlement de la FCC. L'exploitation est autorisée aux deux conditions suivantes :
 - (1) Ce produit ne doit pas émettre d'interférences préjudiciables, et
 - (2) Ce produit doit accepter toutes les interférences reçues, y compris celles pouvant provoquer un fonctionnement préjudiciable.

2. Tous changements ou modifications qui ne seraient pas expressément approuvés par les responsables des normes pourraient rendre nul le droit de l'utilisateur d'utiliser cet équipement.

Déclaration FCC sur les interférences

Cet équipement a été testé et déclaré conforme aux limitations prévues dans le cadre de la catégorie B des appareils numériques, définies par l'article 15 du règlement de la FCC. Ces limites ont été établies pour fournir une protection raisonnable contre les interférences préjudiciables lors d'une installation résidentielle. Cet équipement génère, utilise et diffuse des ondes radio et s'il n'est pas installé et utilisé conformément aux instructions en vigueur, il peut provoquer des interférences préjudiciables aux communications radio. Cependant, il n'est pas possible de garantir qu'aucune interférence ne se produira pour une installation particulière. Si cet équipement produit des interférences préjudiciables lors de réceptions radio ou télévisées, qui peuvent être détectées en éteignant puis en rallumant l'appareil, essayer de corriger l'interférence au moyen de l'une ou de plusieurs des mesures suivantes :

- ▶ réorienter ou déplacer l'antenne réceptrice;
- ▶ augmenter la distance entre l'équipement et le récepteur;
- ▶ brancher l'équipement sur la prise électrique d'un circuit différent de celui auquel le récepteur est relié;
- ▶ contacter le revendeur ou un technicien radio/télévision qualifié pour toute assistance.

Avvertissement relatif aux radiofréquences : Cet équipement doit être installé et opéré selon des instructions fournies et les antennes utilisées pour cet émetteur doivent être installées pour fournir une distance de séparation d'au moins 20 cm de toutes personnes et ne doit pas être colocalisé ni fonctionner conjointement avec une autre antenne ou émetteur.

Déclaration d'Industrie Canada

- ▶ L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :
 - (1) L'appareil ne doit pas produire de brouillage; et
 - (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
- ▶ Cet équipement est conforme aux limitations prévues par Industrie Canada pour l'exposition aux irradiations dans le cadre d'un environnement d'accès libre.
- ▶ Cet appareil numérique de classe B est conforme à la norme ICES-005(B)/NMB-005(B) du Canada.
- ▶ Cet équipement est conforme aux limitations prévues par IC CNR-102 pour l'exposition aux irradiations dans le cadre d'un environnement d'accès libre. Cet émetteur ne doit pas être situé à proximité ou fonctionner simultanément avec une autre antenne ou émetteur. Cet équipement doit être installé et mis en fonctionnement à une distance minimale de 20 cm (8 po) entre le radiateur et le corps de l'utilisateur.

Instrucciones de seguridad

Lea atentamente estas instrucciones y consérvelas para su uso futuro. Si esta cinta de luz se cede a un tercero, deberán incluirse estas instrucciones.

Cuando se utilizan cintas de luz, deben seguirse siempre las precauciones básicas de seguridad para reducir el riesgo de incendio, descarga eléctrica y/o lesiones a las personas, incluyendo las siguientes:

⚠ ADVERTENCIA

- ▶ Estas instrucciones son para su seguridad. Léalas atentamente antes de proceder a la instalación y consérvelas para consultas futuras.
- ▶ Compruebe el embalaje y asegúrese de que tiene todas las piezas indicadas.
- ▶ Al utilizar el producto, deben seguirse siempre las precauciones básicas de seguridad para reducir el riesgo de incendio, descarga eléctrica o lesiones personales.
- ▶ Retire todos los envoltorios y embalajes del producto.
- ▶ Decida el lugar adecuado para su producto. El punto o puntos de fijación elegidos deben ser capaces de sostener todo el peso de la luminaria.
- ▶ Consulte siempre el esquema de instalación para conocer la orientación del producto.
- ▶ Para obtener una adhesión óptima, las superficies de adhesión deben estar limpias, secas y bien unidas. Una presión de aplicación firme ayuda a desarrollar un mejor contacto adhesivo y a mejorar la fuerza de adhesión.
- ▶ Asegúrese de que el cable esté colocado de forma que no represente un peligro (evite bucles colgantes en los que el cable pueda ser tirado o enganchado).
- ▶ Nunca coloque nada sobre el producto ni cuelgue nada en ninguna parte de este producto.
- ▶ No utilice nunca los cables de los terminales para sostener el peso del producto.
- ▶ El cable o cordón flexible externo de esta cinta de luz no se puede sustituir. Si el cable está dañado, hay que destruir la cinta de luz.
- ▶ Este producto sólo es adecuado para uso en interiores y no para zonas expuestas constantemente a la humedad, como el baño.
- ▶ No conecte la cinta de luz a la electricidad mientras esté en el embalaje. No mantenga las luces encendidas durante más de tres minutos cuando la cinta de luz LED esté enrollada. Asegúrese de que las luces estén desenrolladas antes de su uso normal.
- ▶ No instale el controlador en un lugar sin señal de Wi-Fi o con una señal de Wi-Fi débil.
- ▶ No conecte el producto a ningún otro atenuador, como el atenuador Triac o los atenuadores de 0 - 10 V.

| ▶ Adaptador de corriente | |

Compatibilidad

Esta cinta de luz LED está diseñada para funcionar con:

- ▶ Red de Wi-Fi de 2.4 GHz
- ▶ Salida norteamericana (tipo-A)
- ▶ Dispositivos iOS/Android/Fire OS con la aplicación Alexa
- ▶ Sólo para uso en interiores. No utilizar en lugares húmedos.

Descripción del producto

Configuración de la cinta de luz con Alexa

Puede configurar la cinta de luz con el código QR que aparece en la *Guía de configuración* impresa (recomendado) o en el producto. También puedes configurarlo sin el código QR.

⚠ CUIDADO No mantenga las luces encendidas durante más de tres minutos cuando la cinta LED esté enrollada. Asegúrese de que las luces estén desenrolladas antes de su uso normal. No doble la cinta de luz a lo largo de los LED y las líneas de corte.

Configuración con la *Guía de instalación rápida* Código QR (recomendado)

AVISO Algunos dispositivos pueden conectarse automáticamente a Alexa mediante la tecnología de configuración sin frustraciones de Amazon.

1. Descargue la última versión de la aplicación Alexa de la tienda de aplicaciones e inicie la sesión.
2. Conecte el adaptador de corriente, el controlador y la cinta de luz, y enciéndela.
3. En la aplicación Alexa, toque **More** (más) en el menú inferior y, a continuación, toque **Add a Device** (añadir un dispositivo).
4. Toque **Light** (luz) y, a continuación, toque **Amazon Basics**.
5. Seleccione **cinta de luz de Amazon Basics**.
6. Siga los pasos de la aplicación Alexa para completar la configuración. Cuando se le pida, escanee el código QR que aparece en la parte posterior de la copia impresa *Guía de configuración rápida*. Si tiene más de una cinta de luz inteligente y está escaneando el código QR en su *Guía de instalación rápida* haga coincidir el número DSN de la cinta de luz inteligente con el código QR.

AVISO No escanee el código de barras del paquete. Si falla la lectura del código de barras, consulte "Métodos de configuración alternativos" en la página 24.

Métodos de configuración alternativos

Opción 1: Configuración con el código QR del producto

1. Descargue la última versión de la aplicación Alexa de la tienda de aplicaciones e inicie la sesión.
2. Conecte el adaptador de corriente, el controlador y la cinta de luz, y enciéndela.
3. En la aplicación Alexa, toque **More** (más) en el menú inferior y, a continuación, toque **Add a Device** (añadir un dispositivo).
4. Toque **Light** (luz) y, a continuación, toque **Amazon Basics**.
5. Seleccione la **cinta de luz de Amazon Basics**.
6. Siga los pasos de la aplicación Alexa para completar la configuración. Cuando se le solicite, escanee el código QR del producto.

AVISO No escanee el código de barras del paquete. Si el escaneo del código de barras falla o pierde el *Guía de configuración rápida* consulte "Opción 2: Configuración sin código de barras" en la página 24.

Opción 2: Configuración sin código de barras

Utilice estas instrucciones si la configuración del código QR no funciona.

1. Conecte el adaptador de corriente, el controlador y la cinta de luz, y enciéndela.
2. En la aplicación Alexa, toque **More** (más) en el menú inferior y, a continuación, toque **Add a Device** (añadir un dispositivo).
3. Toque **Light** (luz) y, a continuación, toque **Amazon Basics**.
4. Seleccione **cinta de luz de Amazon Basics**.
5. Cuando se le pida que escanee el código de barras, toque **¿NO TIENE CÓDIGO DE BARRAS?**

6. Toque **NEXT** (siguiente) y siga las instrucciones en pantalla para completar la configuración.

Instalación de la cinta de luz

Para cortar la cinta de luz (opcional)

Puede recortar la cinta de luz en lugares específicos para acortarla. La cinta de luz no es extensible.

⚠ CUIDADO Al cortar la cinta de luz en un lugar incorrecto, la cinta puede dejar de funcionar.

1. Desenchufe la cinta luz.
2. Calcule la longitud que desea que tenga la cinta de luz. Asegúrese de tener en cuenta la longitud del cable de alimentación y la distancia a un tomacorriente.
3. Encuentre una línea de corte cerca de la longitud deseada y corte el extremo de la cinta de luz en la línea con unas tijeras.

⚠ CUIDADO Si corta en otro punto que no sea la marca de corte, es posible que la cinta de luz deje de funcionar.

Instalación de la cinta de luz

ADVERTENCIA: No enchufe el adaptador de corriente a un tomacorriente antes de completar la instalación.

1. Limpie y seque una superficie lisa para el montaje. A la hora de elegir una ubicación, tenga presente la posición del controlador y la distancia a un tomacorriente.

- Despegue el adhesivo sección por sección a medida que vaya colocando la cinta de luz. Para evitar daños, no doble la cinta de luz a lo largo de los LED y las líneas de corte.

- Coloque la cinta de luz en el lugar deseado y, a continuación, presione todas las secciones de la cinta de luz durante unos 10 - 15 segundos para obtener una sujeción segura.
- Despegue el adhesivo de la parte posterior del controlador y, a continuación, presione el controlador sobre la superficie de montaje que esté a menos de 23 cm (0.75 pies) del lado de entrada de la cinta de luz. No mueva el controlador una vez montado.

- Retire la tapa de protección de la cinta de luz e insértela en el conector de la caja de control.

- Conecta el adaptador de corriente al controlador y, a continuación, enchúfalo a un tomacorriente.

Uso de la cinta de luz

Controle la cinta de luz con la aplicación Alexa o con el controlador integrado.

Pulsa el botón del controlador una vez para encender o apagar la cinta de luz.

Pulsa el botón del controlador dos veces rápidamente para cambiar el color de la luz.

Restablecimiento de los valores de fábrica

- Mantenga pulsado el botón del controlador durante 10 segundos para restablecer de fábrica la cinta de luz.

Limpieza y mantenimiento

- Antes de realizar cualquier operación de mantenimiento o ajuste, desconecte el cable de alimentación durante al menos 10 minutos para dejar que el producto se enfríe.
- Límpiala con un paño suave ligeramente humedecido. No utilice nunca detergentes corrosivos, cepillos metálicos, estropajos abrasivos, metales o utensilios afilados para limpiar.

Solución de problemas

Si la cinta de luz no funciona correctamente, pruebe las siguientes soluciones. Si tiene alguna duda sobre la instalación/uso de este producto, consulte a un electricista cualificado.

Problema

Mi cinta de luz no se enciende.

Soluciones

- Asegúrese de que la cinta de luz esté enchufada a un enchufe que funcione.
- Asegúrese de que todas las conexiones estén bien seguras.
- Pulse el botón del controlador.
- Mantenga pulsado el botón del controlador durante 10 segundos para restablecer la configuración a los valores de fábrica.
- Si usa la aplicación Alexa, asegúrese de que el enrutador de Wi-Fi esté conectado al internet. La distancia entre el enrutador y la cinta de luz puede variar dependiendo de las condiciones de la red y de factores ambientales.

Problema

Mi cinta de luz no se conecta con la aplicación Alexa.

Soluciones

- Asegúrese de que su teléfono/tableta y la aplicación Alexa están actualizados a la última versión de software.
- Asegúrese de que el teléfono o la tabletta están a menos de 30 m (98.4 pies) de la cinta de luz.
- Asegúrese de que el teléfono/tableta y la cinta de luz están conectados a la misma red de Wi-Fi de 2.4 GHz. La cinta de luz no es compatible con las redes de 5 GHz.
- Si tiene un enrutador WiFi doble y ambas señales de red tienen el mismo nombre, cambie el nombre de una e intente volver a conectarse a la red de 2.4 GHz.
- Asegúrese de escanear el código QR proporcionado en su *Guía de instalación rápida* o en el controlador.
- Mantenga pulsado el botón del controlador durante 10 segundos para restablecer la configuración a los ajustes de fábrica.

Especificaciones

Tensión de alimentación	100 - 120 V ~, 50 / 60 Hz
Temperatura ambiente	-20 °C a 40 °C (-4 a 104 °F)
Temperatura de almacenamiento	-20 °C a 60 °C (-4 a 140 °F)
Humedad de funcionamiento	10 % a 90 % HR, sin condensación
Radiofrecuencia	Wi-Fi + Bluetooth (Bluetooth LE sólo realiza el emparejamiento)
Alcance de la señal	30 m (98.4 pies) sin obstáculos
Wi-Fi	2.4 GHz

Avisos legales

FCC - Declaración de conformidad del proveedor

Identificador único	Cinta de luz LED inteligente de 5 m (16.4 pies), RGB+blanco cambiante B0CQP9545T de Amazon Basics, Wi-Fi de 2.4 GHz, solo funciona con Alexa
Responsable	Amazon.com Services LLC.
Información de contacto en EE.UU.	410 Terry Ave N. Seattle, WA 98109, United States
Número de teléfono	(206) 266-1000

Declaración de conformidad FCC

- Este dispositivo cumple la Parte 15 de las normas de la FCC. El funcionamiento está sujeto a las dos condiciones siguientes:
 - este dispositivo no puede causar interferencias perjudiciales, y
 - este dispositivo debe aceptar cualquier interferencia recibida, incluidas las interferencias que puedan causar un funcionamiento no deseado.
- Los cambios o modificaciones no aprobados expresamente por la parte responsable del cumplimiento podrían anular la autoridad del usuario para utilizar el equipo.

Declaración de interferencias de la FCC

Este equipo ha sido sometido a pruebas y se ha determinado que cumple los límites establecidos para los dispositivos digitales de clase B, de conformidad con la parte 15 de las normas de la FCC. Estos límites están diseñados para proporcionar una protección razonable contra interferencias perjudiciales en una instalación residencial. Este equipo genera, utiliza y puede irradiar energía de radiofrecuencia y, si no se instala y utiliza de acuerdo con las instrucciones, puede causar interferencias perjudiciales en las comunicaciones por radio. Sin embargo, no hay garantía de que no se produzcan interferencias en una instalación concreta. Si este equipo causa interferencias perjudiciales en la recepción de radio o televisión, lo que puede determinarse apagando y encendiendo el equipo, se recomienda al usuario que intente corregir la interferencia mediante una o más de las siguientes medidas:

- Vuelva a orientar o a colocar la antena receptora.
- Aumente la separación entre el equipo y el receptor.
- Conecte el equipo a un tomacorriente de un circuito distinto al que está conectado el receptor.
- Consulte al distribuidor o a un técnico experto en radio/televisión para obtener ayuda.

Declaración de advertencia de radiofrecuencia: Este equipo debe instalarse y utilizarse de acuerdo con las instrucciones suministradas y la(s) antena(s) utilizada(s) para este transmisor debe(n) instalarse para proporcionar una distancia de separación de al menos 20 cm de todas las personas y no debe(n) colocarse ni funcionar junto con ninguna otra antena o transmisor.

Aviso CI de Canadá

- ▶ Este dispositivo contiene transmisor(es) / receptor(es) exentos de licencia que cumplen con los RSS exentos de licencia de Innovación, Ciencia y Desarrollo Económico de Canadá. El funcionamiento está sujeto a las dos condiciones siguientes:
 - (1) este dispositivo no puede causar interferencias y
 - (2) este dispositivo debe aceptar cualquier interferencia, incluidas las que puedan causar un funcionamiento no deseado del aparato.
- ▶ Este equipo cumple con los límites de exposición a la radiación establecidos por la Industria de Canadá para un entorno no controlado.
- ▶ Este aparato digital de Clase B cumple con la norma canadiense CAN ICES-005(B) / NMB-005(B).
- ▶ Este equipo cumple con los límites de exposición a la radiación IC RSS-102 establecidos para un entorno no controlado. Este transmisor no debe colocarse ni funcionar junto con ninguna otra antena o transmisor. Este equipo debe instalarse y utilizarse con una distancia mínima de 20 cm (8 in) entre el radiador y cualquier parte del cuerpo.

Apache License
Version 2.0, January 2004
<http://www.apache.org/licenses/>

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

“License” shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

“Licensor” shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

“Legal Entity” shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, “control” means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

“You” (or “Your”) shall mean an individual or Legal Entity exercising permissions granted by this License.

“Source” form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

“Object” form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

“Work” shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

“Derivative Works” shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by

name) to the interfaces of, the Work and Derivative Works thereof.

“Contribution” shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, “submitted” means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as “Not a Contribution.”

“Contributor” shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part

of the Derivative Works; and

(d) If the Work includes a “NOTICE” text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an “AS IS” BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such

damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets “[]” replaced with your own identifying information. (Don’t include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same “printed page” as the copyright notice for easier identification within third-party archives.

Copyright [yyyy] [name of copyright owner]

Licensed under the Apache License, Version 2.0 (the “License”);
you may not use this file except in compliance with the License.
You may obtain a copy of the License at

<http://www.apache.org/licenses/LICENSE-2.0>

Unless required by applicable law or agreed to in writing, software distributed under the License is distributed on an “AS IS” BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied. See the License for the specific language governing permissions and limitations under the License.

GNU GENERAL PUBLIC LICENSE
Version 2, June 1991

Copyright (C) 1989, 1991 Free Software Foundation, Inc.
51 Franklin St, Fifth Floor, Boston, MA 02110-1301 USA
Everyone is permitted to copy and distribute verbatim copies
of this license document, but changing it is not allowed.

Preamble

The licenses for most software are designed to take away your freedom to share and change it. By contrast, the GNU General Public License is intended to guarantee your freedom to share and change free software--to make sure the software is free for all its users. This General Public License applies to most of the Free Software Foundation's software and to any other program whose authors commit to using it. (Some other Free Software Foundation software is covered by the GNU Library General Public License instead.) You can apply it to your programs, too.

When we speak of free software, we are referring to freedom, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for this service if you wish), that you receive source code or can get it if you want it, that you can change the software or use pieces of it in new free programs; and that you know you can do these things.

To protect your rights, we need to make restrictions that forbid anyone to deny you these rights or to ask you to surrender the rights. These restrictions translate to certain responsibilities for you if you distribute copies of the software, or if you modify it.

For example, if you distribute copies of such a program, whether gratis or for a fee, you must give the recipients all the rights that you have. You must make sure that they, too, receive or can get the source code. And you must show them these terms so they know their rights.

We protect your rights with two steps: (1) copyright the software, and (2) offer you this license which gives you legal permission to copy, distribute and/or modify the software.

Also, for each author's protection and ours, we want to make certain that everyone understands that there is no warranty for this free software. If the software is modified by someone else and passed on, we want its recipients to know that what they have is not the original, so that any problems introduced by others will not reflect on the original authors' reputations.

Finally, any free program is threatened constantly by software patents. We wish to avoid the danger that redistributors of a free program will individually obtain patent licenses, in effect making the program proprietary. To prevent this, we have made it clear that any patent must be licensed for everyone's free use or not licensed at all.

The precise terms and conditions for copying, distribution and modification follow.

GNU GENERAL PUBLIC LICENSE TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

0. This License applies to any program or other work which contains

a notice placed by the copyright holder saying it may be distributed under the terms of this General Public License. The “Program”, below, refers to any such program or work, and a “work based on the Program” means either the Program or any derivative work under copyright law: that is to say, a work containing the Program or a portion of it, either verbatim or with modifications and/or translated into another language. (Hereinafter, translation is included without limitation in the term “modification”.) Each licensee is addressed as “you”.

Activities other than copying, distribution and modification are not covered by this License; they are outside its scope. The act of running the Program is not restricted, and the output from the Program is covered only if its contents constitute a work based on the Program (independent of having been made by running the Program). Whether that is true depends on what the Program does.

1. You may copy and distribute verbatim copies of the Program’s source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice and disclaimer of warranty; keep intact all the notices that refer to this License and to the absence of any warranty; and give any other recipients of the Program a copy of this License along with the Program.

You may charge a fee for the physical act of transferring a copy, and you may at your option offer warranty protection in exchange for a fee.

2. You may modify your copy or copies of the Program or any portion of it, thus forming a work based on the Program, and copy and distribute such modifications or work under the terms of Section 1 above, provided that you also meet all of these conditions:

a) You must cause the modified files to carry prominent notices stating that you changed the files and the date of any change.

b) You must cause any work that you distribute or publish, that in whole or in part contains or is derived from the Program or any part thereof, to be licensed as a whole at no charge to all third parties under the terms of this License.

c) If the modified program normally reads commands interactively when run, you must cause it, when started running for such interactive use in the most ordinary way, to print or display an announcement including an appropriate copyright notice and a notice that there is no warranty (or else, saying that you provide a warranty) and that users may redistribute the program under these conditions, and telling the user how to view a copy of this License. (Exception: if the Program itself is interactive but does not normally print such an announcement, your work based on the Program is not required to print an announcement.)

These requirements apply to the modified work as a whole. If

identifiable sections of that work are not derived from the Program, and can be reasonably considered independent and separate works in themselves, then this License, and its terms, do not apply to those sections when you distribute them as separate works. But when you distribute the same sections as part of a whole which is a work based on the Program, the distribution of the whole must be on the terms of this License, whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of who wrote it.

Thus, it is not the intent of this section to claim rights or contest your rights to work written entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on the Program.

In addition, mere aggregation of another work not based on the Program with the Program (or with a work based on the Program) on a volume of a storage or distribution medium does not bring the other work under the scope of this License.

3. You may copy and distribute the Program (or a work based on it, under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you also do one of the following:

- a) Accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,
- b) Accompany it with a written offer, valid for at least three years, to give any third party, for a charge no more than your cost of physically performing source distribution, a complete machine-readable copy of the corresponding source code, to be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,
- c) Accompany it with the information you received as to the offer to distribute corresponding source code. (This alternative is allowed only for noncommercial distribution and only if you received the program in object code or executable form with such an offer, in accord with Subsection b above.)

The source code for a work means the preferred form of the work for making modifications to it. For an executable work, complete source code means all the source code for all modules it contains, plus any associated interface definition files, plus the scripts used to control compilation and installation of the executable. However, as a special exception, the source code distributed need not include anything that is normally distributed (in either source or binary form) with the major components (compiler, kernel, and so on) of the operating system on which the executable runs, unless that component itself accompanies the executable.

If distribution of executable or object code is made by offering

access to copy from a designated place, then offering equivalent access to copy the source code from the same place counts as distribution of the source code, even though third parties are not compelled to copy the source along with the object code.

4. You may not copy, modify, sublicense, or distribute the Program except as expressly provided under this License. Any attempt otherwise to copy, modify, sublicense or distribute the Program is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.

5. You are not required to accept this License, since you have not signed it. However, nothing else grants you permission to modify or distribute the Program or its derivative works. These actions are prohibited by law if you do not accept this License. Therefore, by modifying or distributing the Program (or any work based on the Program), you indicate your acceptance of this License to do so, and all its terms and conditions for copying, distributing or modifying the Program or works based on it.

6. Each time you redistribute the Program (or any work based on the Program), the recipient automatically receives a license from the original licensor to copy, distribute or modify the Program subject to these terms and conditions. You may not impose any further restrictions on the recipients' exercise of the rights granted herein. You are not responsible for enforcing compliance by third parties to this License.

7. If, as a consequence of a court judgment or allegation of patent infringement or for any other reason (not limited to patent issues), conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot distribute so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not distribute the Program at all. For example, if a patent license would not permit royalty-free redistribution of the Program by all those who receive copies directly or indirectly through you, then the only way you could satisfy both it and this License would be to refrain entirely from distribution of the Program.

If any portion of this section is held invalid or unenforceable under any particular circumstance, the balance of the section is intended to apply and the section as a whole is intended to apply in other circumstances.

It is not the purpose of this section to induce you to infringe any patents or other property right claims or to contest validity of any such claims; this section has the sole purpose of protecting the integrity of the free software distribution system, which is

implemented by public license practices. Many people have made generous contributions to the wide range of software distributed through that system in reliance on consistent application of that system; it is up to the author/donor to decide if he or she is willing to distribute software through any other system and a licensee cannot impose that choice.

This section is intended to make thoroughly clear what is believed to be a consequence of the rest of this License.

8. If the distribution and/or use of the Program is restricted in certain countries either by patents or by copyrighted interfaces, the original copyright holder who places the Program under this License may add an explicit geographical distribution limitation excluding those countries, so that distribution is permitted only in or among countries not thus excluded. In such case, this License incorporates the limitation as if written in the body of this License.

9. The Free Software Foundation may publish revised and/or new versions of the General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Program specifies a version number of this License which applies to it and “any later version”, you have the option of following the terms and conditions either of that version or of any later version published by the Free Software Foundation. If the Program does not specify a version number of this License, you may choose any version ever published by the Free Software Foundation.

10. If you wish to incorporate parts of the Program into other free programs whose distribution conditions are different, write to the author to ask for permission. For software which is copyrighted by the Free Software Foundation, write to the Free Software Foundation; we sometimes make exceptions for this. Our decision will be guided by the two goals of preserving the free status of all derivatives of our free software and of promoting the sharing and reuse of software generally.

NO WARRANTY

11. BECAUSE THE PROGRAM IS LICENSED FREE OF CHARGE, THERE IS NO WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE PROGRAM “AS IS” WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

12. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING

WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR REDISTRIBUTE THE PROGRAM AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

END OF TERMS AND CONDITIONS

How to Apply These Terms to Your New Programs

If you develop a new program, and you want it to be of the greatest possible use to the public, the best way to achieve this is to make it free software which everyone can redistribute and change under these terms.

To do so, attach the following notices to the program. It is safest to attach them to the start of each source file to most effectively convey the exclusion of warranty; and each file should have at least the "copyright" line and a pointer to where the full notice is found.

<one line to give the program's name and a brief idea of what it does.>
Copyright (C) <year> <name of author>

This program is free software; you can redistribute it and/or modify it under the terms of the GNU General Public License as published by the Free Software Foundation; either version 2 of the License, or (at your option) any later version.

This program is distributed in the hope that it will be useful, but WITHOUT ANY WARRANTY; without even the implied warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. See the GNU General Public License for more details.

You should have received a copy of the GNU General Public License along with this program; if not, write to the Free Software Foundation, Inc., 51 Franklin St, Fifth Floor, Boston, MA 02110-1301 USA

Also add information on how to contact you by electronic and paper mail.

If the program is interactive, make it output a short notice like this when it starts in an interactive mode:

Gnomovision version 69, Copyright (C) year name of author
Gnomovision comes with ABSOLUTELY NO WARRANTY; for details type `show w'.
This is free software, and you are welcome to redistribute it
under certain conditions; type `show c' for details.

The hypothetical commands `show w' and `show c' should show the appropriate parts of the General Public License. Of course, the commands you use may

be called something other than `show w' and `show c'; they could even be mouse-clicks or menu items--whatever suits your program.

You should also get your employer (if you work as a programmer) or your school, if any, to sign a "copyright disclaimer" for the program, if necessary. Here is a sample; alter the names:

Yoyodyne, Inc., hereby disclaims all copyright interest in the program
`Gnomovision' (which makes passes at compilers) written by James Hacker.

<signature of Ty Coon>, 1 April 1989
Ty Coon, President of Vice

This General Public License does not permit incorporating your program into proprietary programs. If your program is a subroutine library, you may consider it more useful to permit linking proprietary applications with the library. If this is what you want to do, use the GNU Library General Public License instead of this License.

GCC RUNTIME LIBRARY EXCEPTION

Version 3.1, 31 March 2009

General information: <http://www.gnu.org/licenses/gcc-exception.html>

Copyright (C) 2009 Free Software Foundation, Inc. <https://linkprotect.cudasvc.com/url?a=http%3a%2f%2ffsf.org%2f&c=E,1,GhcoUwxMe1pkVOxBK_y0BTtWMCe5ghOWdmbj2f0fTB77juBxhfEPD4kFXkvT7CZ7rn5t2qWPKp9nClQhq4VomsMDBqO-mwVx6s9pVAhpKR6IFU49APyaCjV3LQ,,&typo=1>

Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

This GCC Runtime Library Exception ("Exception") is an additional permission under section 7 of the GNU General Public License, version 3 ("GPLv3"). It applies to a given file (the "Runtime Library") that bears a notice placed by the copyright holder of the file stating that the file is governed by GPLv3 along with this Exception.

When you use GCC to compile a program, GCC may combine portions of certain GCC header files and runtime libraries with the compiled program. The purpose of this Exception is to allow compilation of non-GPL (including proprietary)

programs to use, in this way, the header files and runtime libraries covered by this Exception.

0. Definitions.

A file is an “Independent Module” if it either requires the Runtime Library for execution after a Compilation Process, or makes use of an interface provided by the Runtime Library, but is not otherwise based on the Runtime Library.

“GCC” means a version of the GNU Compiler Collection, with or without modifications, governed by version 3 (or a specified later version) of the GNU General Public License (GPL) with the option of using any subsequent versions published by the FSF.

“GPL-compatible Software” is software whose conditions of propagation, modification and use would permit combination with GCC in accord with the license of GCC.

“Target Code” refers to output from any compiler for a real or virtual target processor architecture, in executable form or suitable for input to an assembler, loader, linker and/or execution phase. Notwithstanding that, Target Code does not include data in any format that is used as a compiler intermediate representation, or used for producing a compiler intermediate representation.

The “Compilation Process” transforms code entirely represented in non-intermediate languages designed for human-written code, and/or in Java Virtual Machine byte code, into Target Code. Thus, for example, use of source code generators and preprocessors need not be considered part of the Compilation Process, since the Compilation Process can be understood as starting with the output of the generators or preprocessors.

A Compilation Process is “Eligible” if it is done using GCC, alone or with other GPL-compatible software, or if it is done without using any work based on GCC. For example, using non-GPL-compatible Software to optimize any GCC intermediate representations would not qualify as an Eligible Compilation Process.

1. Grant of Additional Permission.

You have permission to propagate a work of Target Code formed by combining the Runtime Library with Independent Modules, even if such propagation would otherwise violate the terms of GPLv3, provided that all Target Code was generated by Eligible Compilation Processes. You may then convey such a combination under terms of your choice, consistent with the licensing of the Independent Modules.

2. No Weakening of GCC Copyleft.

The availability of this Exception does not imply any general presumption that third-party software is unaffected by the copyleft requirements of the license of GCC.

**** libwebsockets; version 4.3.0 -- https://linkprotect.cudasvc.com/url?a=https%3a%2f%2flibwebsockets.org%2f&c=E,1,-PCVHTe6VqHVdt1Wdp4RziMSatxlr88cR7HjZ_L74BPSSJo7LQn1mQyqNIASgSWaWM5J9_3y74LObYdeBPPmNqMQYugiu3GejtXakuREALy9&typo=1**
Copyright (C) 2010 - 2019 Andy Green <andy@warmcat.com>

Libwebsockets and included programs are provided under the terms of the MIT license shown below, with the exception that some sources are under a similar permissive license like BSD, or are explicitly CC0 / public domain to remove any obstacles from basing differently-licensed code on them.

Original liberal license retained:

- lib/misc/sha-1.c - 3-clause BSD license retained, link to original
- win32port/zlib - ZLIB license (see zlib.h)
- lib/tls/mbedtls/wrapper - Apache 2.0 (only built if linked against mbedtls)
- lib/misc/base64-decode.c - already MIT

Relicensed to MIT:

- lib/misc/daemonize.c - relicensed from Public Domain to MIT, link to original Public Domain version
- lib/plat/windows/windows-resolv.c - relicensed from "Beerware v42" to MIT

Public Domain (CC-zero) to simplify reuse:

- test-apps/*.c
- test-apps/*.h
- minimal-examples/*
- lws/*

Although libwebsockets is available under a permissive license, it does not change the reality of dealing with large lumps of external code... if your copy diverges it is guaranteed to contain security problems after a while and can be very painful to pick backports (especially since historically, we are very hot on cleaning and refactoring the codebase). The least

painful and lowest risk way remains sending your changes and fixes upstream to us so you can easily use later releases and fixes.

MIT License applied to libwebsockets:

<https://opensource.org/licenses/MIT>
